Dear Applicant:

This letter refers to the above-captioned application for a minor modification to a construction permit.

An engineering study of the application reveals that it is in violation of 47 C.F.R. § 73.515. Specifically, the proposed 60 dBu contour fails to cover at least 50 percent of the community of license or cover 50 percent of the population of Del Rio, TX. This violation was not addressed in the application

In light of the above, Application BMPED-20110404AHV is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and is **HEREBY DISMISSED**. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,
